

Wireline Services Market Research, Industry Analysis, Growth, Size, Share, Trends, Forecast to 2022

This report covers market characteristics, size and growth, segmentation, regional breakdowns, competitive landscape, market shares, trends and strategies

PUNE, INDIA, September 20, 2017 /EINPresswire.com/ -- [Wireline services](#) refer to cabling technology utilized in oil and gas industry for well intervention, logging, completion, and reservoir monitoring operations. These services require less labor and consumes less time providing petro physical data that are further beneficial for controlling the process parameters. Increasing oil production and aging reservoirs are the major drivers driving the wireline services market. Recovery segment is the fastest growing application for wireline services market owing to implementation on both onshore and offshore sectors.

The wireline market into four different segments, namely: market by type, application, sector, well type and geography. By type the global Wireline services market has been comprehended by electric line, stick line and others. The various applications considered for the market analysis includes wireline logging, wireline intervention, wireline completion, recovery among others. By sector the market is segregated by onshore and offshore vertical. Further by well type the market is analyzed by open hole and cased hole. The report has also been categorized based on the geographic region that comprise of Americas, Europe, APAC, and RoW. This is further broken down into notable countries to provide exhaustive analysis of the market.

Americas is the dominant region for wireline services market. The total production of crude oil in America region increased from 19.84mb/d in 2014 to 20.14mb/d in 2015. Also, recent discovery of shale oilfields in this region has increased the adoption of well intervention and petro physical data evaluation acquired from oil wells. Europe is the fastest growing region for wireline services market with U.K. and Norway estimated to witness highest growth during the forecast period 2016-2022. Demand for technologically advanced wireline tools for numerous field operations is driving the wireline services market in U.K. region.

Sample Companies Profiled in this Report are:
Schlumberger Limited (U.S.)

Halliburton Co. (U.S.)
Baker Hughes Inc. (U.S.)
Weatherford International Plc (U.S.)
Superior Energy Services, Inc. (U.S)
30+

A comparative analysis of the top players of Wireline services market is conducted and the companies are also profiled to gauge the traction of the respective companies on disparate aspects like company overview, financial overview, product portfolio and recent developments and more in the global market.

Table of Content

1. Wireline Service Market Overview
2. Executive Summary
3. Wireline Services Market Landscape
 - 3.1. Market Share Analysis
 - 3.2. Comparative Analysis
 - 3.2.1. Product Benchmarking
 - 3.2.2. End User Profiling
 - 3.2.3. Top 5 Financials Analysis
4. Wireline Services Market Forces
 - 4.1. Market Drivers
 - 4.1.1. Escalating Demand For Energy & Recoverable Resources
 - 4.1.2. Increasing Focus On Natural Gas Production To Drive The Market. Exploration And Appraisal Activities Also Improves The Demand
 - 4.1.3. Fluctuating Crude Oil Prices Are Leading To Rising Demand For Cost-Effective Well Intervention Methods Thus Driving The Market
 - 4.1.4. Increased Spending In Oil & Gas Projects And Redevelopment Of Mature Fields Are Driving The Market. Improving The Efficiency Of Work Over Rigs Is Also Enhancing The Market Growth
 - 4.1.5. Decline In Oil & Gas Production, Increasing Operating Costs And Challenges Due To Aging Facilities Are Set To Drive The Recovery Oilfield Market
 - 4.1.6. The Continuous Investment In The Gcc By Nocs Along With The Ever-Increasing Technological Challenges Shows That In The Long Run, The Region Will Witness A Steady Growth In Demand For Well Intervention Services, Hence Wire-Line Services.
 - 4.1.7. Over The Last Few Years, Unconventional Resources Have Been The Primary Driver For The Ever-Increasing Demand For Wire-Line Services Globally.
 - 4.2. Market Constraints & Challenges
 - 4.2.1. Stringent Government Regulations Concerning Oil & Gas Leaks, Water Contamination, Environmental & Public Health Are Posing Challenges For The Oilfield Market, Eventually Putting

A Challenge On The Wire Line Service Industry To Grow

4.2.2. Declining Drilling Rig Count Are Restraining The Market Growth Globally

4.2.3. Declining Oil Prices And Increase In The Length Of Horizontal Wells Are Posing Challenges For The Wire Line Services Service Providers

4.2.4. Low Net Income And Less Cash Reserves For Capex Investments Among Companies To Pose A Challenge

4.3. Attractiveness Of The Wireline Services Industry

4.3.1. Power Of Suppliers

4.3.2. Threats From New Entrants

4.3.3. Power Of Buyer

4.3.4. Threat From Substitute Product

4.3.5. Degree Of Competition

5. Wireline Services Market-Strategic Analysis

5.1. Value Chain Analysis

5.2. Pricing Analysis

5.3. Opportunity Analysis

5.4. Product Life Cycle

5.5. Suppliers And Distributors

6. Wireline Services Market-By Type

6.1. Electric Line

6.2. Stick Line

6.3. Others

7. Wireline Services Market-By Application

7.1. Wireline Logging

7.2. Wireline Intervention

7.3. Wireline Completion

7.4. Recovery

7.5. Others

8. Wireline Services Market-By Sector

8.1. On Shore

8.2. Off Shore

9. Wireline Services Market-By Well Type

9.1. Open Hole

9.2. Cased Hole

.....Continued
