

The Ultimate Rectangular Pizza Stone Now on Sale at Amazon.com

Love This Kitchen® launches their latest product with a 20% discount

ORLANDO, FLORIDA, USA, September 22, 2017 /EINPresswire.com/ -- The Ultimate Rectangular Pizza Stone is now available for sale on Amazon.com. It features a unique non-spill stopper that will help you get your pizzas, bread or cookies in and out of the oven with no hassle. Love This Kitchen® also created Core Convection Technology for their pizza stones, a one of a kind feature that distributes heat all around the stone for a crispy crust and a delicious, melty pizza. The Ultimate Rectangular Pizza Stone is made from our proprietary ThermaShock™ Cordierite, so it will resist temperature changes and it will not crack or break with ease, so it is bound to be the only pizza stone you will ever need.

Launched on Wednesday, September 20, 2017, this product will have a special sale price and an additional 20% discount until Sunday, October 1, 2017, and buyers can use the code YESPIZZA at checkout to claim it.

The Ultimate Rectangular Pizza Stone is sold exclusively by Love This Kitchen®. This company seeks to create a brand that would set itself apart from conventional kitchen tools; it is known for its credibility and forerunning in kitchen and cookware products. According to its mission statement, “We take everyday tools and redesign them to make them better, functional and more stylish to turn your time in the kitchen into a more enjoyable experience. By picking the best materials and following extensive quality control procedures, we create top of the line products, practical kitchen helpers that are made to last.”

In a statement, the CEO of the Company. William Felce says “The Ultimate Rectangular Pizza Stone is manufactured to create great moments between family and friends, gathered around restaurant quality pizzas made from the comfort of home. Make pizza night a family tradition, or become the master of pizzas among your friends with this handy tool. It is also great for baking bread, cookies or flatbread, so its versatility will definitely come in handy. “
