

Pumps Market in Water and Wastewater Treatment Sector 2017 Global Market Expected to Grow at CAGR 6.16 % & Forecast 2021

WiseGuyReports.com adds "Pumps Market in Water and WWT Sector 2017 Global Market Expected to Grow at CAGR 6.16 % and Forecast to 2021 " reports to its Database.

PUNE, MAHARASHTRA, INDIA, September 28, 2017 /EINPresswire.com/ --

[Pumps Market in Water and WWT Sector SWOT Analysis And Forecast 2021](#)

About Pumps Market in Water and Wastewater Treatment Sector

Pumps are important components used in all industries. They are used for moving or raising fluid from one point to another within the plant or from one plant to another. Pumps are generally classified into centrifugal and positive displacement pumps. Centrifugal pumps are widely used in industries owing to their simple design, low cost, and ease of operation. Positive displacement pumps are used in areas where fluid flow is constant or fluid viscosity is high. The chemical, food and beverage, mining, oil and gas, and water and wastewater treatment industries are major consumers of pumps. Pumps are one of the key components of the water and wastewater treatment sector and a major consumer of electricity. They are used in nearly every area in the wastewater treatment value chain.

Technavio's analysts forecast the global pumps market in water and wastewater treatment sector to grow at a CAGR of 6.16% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global pumps market in water and wastewater treatment sector for 2017-2021. To calculate the market size, the report considers the new installations/shipments/sales/volume/value and installation services.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Technavio's report, Global Pumps Market in Water and Wastewater Treatment Sector 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Request For Sample Report @ <https://www.wiseguyreports.com/sample-request/2331683-global-pumps-market-in-water-and-wastewater-treatment-sector-2017-2021>

Key vendors

- Flowserve
- Grundfos
- ITT
- KSB
- Sulzer
- Wilo

Other prominent vendors

- BBA pumps
- Blue-White Industries
- General Electric Power
- SPP Pumps
- Xylem

Market driver

- Emerging filtration technologies
- For a full, detailed list, view our report

Market challenge

- High equipment and operation cost
- For a full, detailed list, view our report

Market trend

- Use of ultrasonic level sensors for pump control
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

You can request one free hour of our analyst's time when you purchase this market report. Details are provided within the report.

Table Of Contents

- PART 01: Executive summary
- PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by application

- Global pumps market in water and wastewater treatment sector by application
- Global pumps market in water and wastewater treatment sector by application in municipal sector
- Global pumps market for water and wastewater treatment sector by application in industrial sector

PART 07: Market segmentation by type

- Global pumps market in water and wastewater treatment sector by type
- Global centrifugal pumps market in water and wastewater treatment sector
- Global positive displacement pumps market in water and wastewater treatment sector

PART 08: Geographical segmentation

- Global pumps market in water and wastewater treatment by geography
- Global pumps market in water and wastewater treatment sector in APAC
- Global pumps market in water and wastewater treatment sector in EMEA
- Global pumps market in water and wastewater treatment sector in Americas

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Use of ultrasonic level sensors for pump control
- Incorporation of wireless lift station monitoring
- Increase in efficiency of pumps through smart pumping

PART 12: Vendor landscape

- Competitive Landscape
- Other prominent vendors
- Key mergers and acquisitions

PART 13: Key vendor analysis

- Flowserve
- Grundfos
- ITT
- KSB
- Sulzer
- Wilo

PART 14: Appendix

- List of abbreviations

List of Exhibits
