When for many attendees, corporate events have become closer to an obligation, how can companies make their guests become excited about company functions again?

NEW YORK, NEW YORK, UNITED STATES , October 3, 2017 /EINPresswire.com/ -- [Custom Balloon Decorations in New York](#)

With a newly concluded partnership with Certified Balloon Decorators in the New York metropolitan area, CSA Balloons hopes to offer their New York clients an opportunity to wow their customers. Dedicated to providing the best customer service, the folks at CSA Balloons want to help their clients create extraordinary business events.

Business events are often organized internally and, as most custom balloon printing companies will only print and deliver the balloons, there has been a real void in the industry. Once the balloons are received, the event organizers do not always know how to place the balloons and create the desired effect. With this new proposed turnkey service from CSA Balloons, business event organizers no longer have to agonize over the decorations.

“

CSA Balloons has now become a one-stop shop for all your balloon decorating needs in the New York metropolitan area.”

Csaba Laviolette, President and Founder of CSA Balloons

Offering custom balloon printing services to businesses, associations, and even political organizations for over fifteen years, this is a major expansion for this balloon printing expert. “CSA Balloons has now become a one-stop shop for all your balloon decorating needs in the New York metropolitan area”, said Csaba Laviolette, President and Founder of the top custom balloon printing company in the USA and Canada.

Event Planning Made Easy

With this new turnkey service in place, CSA Balloons customers can now rely on CSA for all their balloon decoration needs. With a trustworthy team in place, CSA Balloons can design and print custom balloons, plan decor logistics, deliver and set up on the day of the event.

Prior to having the balloon decoration service offered by CSA Balloons, New York businesses looking for more interesting balloon decor, had to hire several vendors to get the decorating job done. In addition to a series of “extra costs”, this also resulted in time-consuming coordinating work for the employees who were given the dreaded task of organizing the upcoming business event. “We hope to

provide our customers with a new cost-effective way to organize business events”, mentioned Lavolette.
