

# 59 Deaths in Las Vegas Massacre, Yet 85 Deaths Every Week in Gov. Cuomo's Mental Health Agencies

*Astronomical numbers of deaths of people with disabilities and the criminally negligent deaths are being covered-up by Gov. Cuomo's corrupt Justice Center*

ALBANY, NEW YORK, UNITED STATES, October 4, 2017 /EINPresswire.com/ -- The numbers speak

“

A very large number of deaths of our most vulnerable residents with disabilities occurring every week are preventable deaths, but nothing is being done by Governor Cuomo to stop these horrific deaths.”

*Michael Carey- Advocate for people with disabilities and their families*

for themselves, 11-13 extremely vulnerable children and adults with disabilities are dying every day in Governor Cuomo's extremely dangerous and deadly mental health care system according to State documents obtained through New York State Freedom of Information Law. As Governor Cuomo attempts to exploit the horrific Las Vegas mass murder to try to get national attention, far more people die every week in his unsafe agencies than in this horrific massacre. A very large number of deaths of our most vulnerable residents with disabilities occurring every week are preventable deaths, but nothing is being done by Governor Cuomo to stop these horrific deaths.

Hard to fathom, yet true, the number one known trend leading to what are being called “untimely” deaths, but really

criminally negligent deaths, of people with developmental disabilities, is staff not calling 911. Staff are directed to call a nurse triage hotline somewhere else in the State, instead of immediately calling 911, and large numbers of innocent people are dying as a direct result. This is what a very well known civil rights attorney has explained to be called “gross and deliberate indifference” or in other words, who the hell cares if these people live or die, they are expendable. The truth is, people with disabilities are gifts from God to us all and we have a responsibility to care for them with excellence. How these precious children of God are being treated in New York State speaks volumes revealing wide-scale systemic human and civil rights atrocities. These gross injustices must be stopped and the people that are not providing safe care and services must be removed from being able to harm or kill other innocent people. The individuals involved in covering up these deaths within Governor Cuomo's fraudulent Justice Center and everyone involved in protecting those that harm our most vulnerable must be arrested and held personally accountable for their crimes. These heinous crimes are being committed all the time without the use of guns, but obviously, they are just as deadly. How can New York Governor Andrew Cuomo be a spokesperson for protecting the general public from what he calls gun violence when he himself refuses to protect societies most vulnerable under his own charge?
