Global [Industrial Gases Market](#)

Description

WiseGuyReports.Com adds" Global Industrial Gases Market 2017-2021 "Research To Its Database.

Industrial gases are a group of organic and inorganic gases that are produced and used for various industrial purposes. They are in gaseous state at normal temperature and pressure.

Nitrogen, hydrogen, helium, oxygen, ammonia, krypton, xenon, carbon dioxide, argon, and acetylene are the most commonly used industrial gases. Industrial gases are used in a wide range of end-user industries, such as oil and gas, petrochemicals, chemicals, power, mining, steelmaking, metals, environmental protection, medicine, pharmaceuticals, biotechnology, food, water, fertilizers, nuclear power, electronics, and aerospace.

Covered in this report

The report covers the present scenario and the growth prospects of the global industrial gases market for 2017-2021. The report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The market is divided into the following segments based on geography:

- APAC
- Europe
- North America
- ROW

The Global Industrial Gases Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Air Liquide
- Air products and chemicals
- BASF
- Linde Group
- Praxair
- Taiyo Nippon Sanso

Other prominent vendors

- AIR WATER
- Asia Technical Gas
- Bangkok Industrial Gas
- Bombay Oxygen Corporation
- Buzwair Industrial
- Cryotec Anlagenbau
- Coregas
- DAESUNG
- Guangdong Huate Gas
- Goyal Group
- Gulf Cryo
- INFRA Group
- The Linde Group
- Matheson Tri-Gas
- MESSER Group
- SOL
- Universal Industrial Gases
- Yingde Gases

Market driver

- Rise in demand from major end-users
- For a full, detailed list, view our report

Market challenge

- High manufacturing cost
- For a full, detailed list, view our report

Market trend

- Increase in R&D activities for development of new applications
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Report Details @ <https://www.wiseguyreports.com/reports/2357771-global-industrial-gases-market-2017-2021>

Table of Contents -Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Overview

PART 05: Market landscape

- Market overview
- Global industrial gases market
- Five forces analysis

PART 06: Market segmentation by gas

- Global industrial gases market by gas
- Global industrial gases market by hydrogen
- Global industrial gases market by helium
- Global industrial gases market by carbon dioxide
- Global industrial gases market by nitrogen
- Global industrial gases market by oxygen
- Global industrial gases market by acetylene
- Global market for other industrial gases

PART 07: Market segmentation by end-user

- Global industrial gases market segmentation by end-user
- Global industrial gases market in manufacturing
- Global industrial gases market in metal fabrication
- Global industrial gases market in energy
- Global industrial gases market in chemical processing
- Global industrial gases market in healthcare and medical
- Global industrial gases market in food and beverages
- Global industrial gases market in electronics
- Global industrial gases market in others

PART 08: Geographical segmentation

- Global industrial gases market by geography
- Industrial gases market in APAC
- Industrial gases market in Europe
- Industrial gases market in North America
- Industrial gases in ROW

PART 09: Decision framework

PART 10: Drivers and challenges

- Market drivers
- Market challenges

PART 11: Market trends

- Increase in R&D activities for development of new applications
- Inorganic expansion and increase in M&As
- Adaptation of integrated distribution channel
- Innovation in industrial gas packaging

PART 12: Vendor landscape

- Competitive scenario
- Other prominent vendors

PART 13: Key vendor analysis

- Air Liquide
- Air Products and Chemicals
- BASF
- Linde Group
- Praxair
- Taiyo Nippon Sanso
