“Portable Generator 2017 Global Market – Size, Trends, Outlook, Growth (CAGR of 7.92%), Key Players - Analysis to 2021”*

PUNE, INDIA, October 6, 2017 /
EINPresswire.com/ --

[Portable Generator Market 2017](#)

Generators are backup devices designed to provide temporary AC power by using the supplied fuel, which can be either diesel or gas.

Generators, depending on their portability, are segmented into two broad categories:

- Portable
- Stationary

Portable generators are the best solutions to provide AC power for standby non-hardwired applications. Low-end models support only a few basic home appliances. However, there are high-end portable generators that can provide backup AC power to an entire house. Apart from

residential use, portable generators are widely used in commercial buildings as well as industrial and infrastructure sites. In short, they can be utilized in all places where grid is unavailable.

The major advantages of portable generators over a standby generator are:

- Low priced
- Do not require special installation

The analysts forecast the Global Portable Generator market to grow at a CAGR of 7.92 percent over the period 2015-2019.

Covered in this Report

This report covers the present scenario and the growth prospects of the Global Portable Generator market during the period 2015–2019. For ascertaining the market size and vendor share the report considers the revenue obtained from the sales of Portable Generators.

The report, the Global Portable Generator market 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the Global Portable Generator market landscape and its growth prospects in the coming years. The report also includes a discussion of the key vendors operating in this market.

Key Vendors

- Briggs & Stratton Corp.
- Cummins Inc.
- Eaton Corp.
- Generac Holdings Inc.
- Honda Motor Co. Ltd.
- Kohler Co.
- Yamaha Motor Co. Ltd.

Other Prominent Vendors

- Caterpillar
- Champion Power Equipment
- Dresser-Rand
- GE
- Honeywell International
- Mi-T-M
- MTU Onsite Energy
- Multiquip
- Perkins
- Pramac
- Powerdyne International
- Scott's Emergency Lighting & Power Generation
- Technotronic Industries
- TECO-Westinghouse Motor
- Wacker Neuson
- Wartsila
- Winco

Market Driver

- Increased Adoption of Portable Generator among Residential Users
- For a full, detailed list, view our report.

Market Challenge

- Stringent Emission Regulations
- For a full, detailed list, view our report.

Market Trend

- Emergence of Next-generation Generators
- For a full, detailed list, view our report.

Key Questions Answered in this Report

- What will the market size be in 2019 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?

- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents –Analysis of Key Points

01. Executive Summary
02. List of Abbreviations
03. Scope of the Report
04. Market Research Methodology
05. Introduction
06. Market Landscape
07. Market Segmentation by End-user
08. Market Segmentation by Product
09. Geographical Segmentation
10. Buying Criteria
11. Market Growth Drivers
12. Drivers and their Impact
13. Market Challenges
14. Impact of Drivers and Challenges
15. Market Trends
