

Aluminum Composite Panels 2017 Global Market Expected to Grow at CAGR of 6.29% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On-“Aluminum Composite Panels 2017 Global Market Expected to Grow at CAGR of 6.29% and Forecast to 2021”.

PUNE, INDIA, October 6, 2017 / EINPresswire.com/ --

[Aluminum Composite Panels Market 2017](#)

Aluminum composite panels are made of three layers. The panel consists of two aluminum sheets and one non-aluminum core in between the two sheets. Non-aluminum core is usually a low density material such as polyethylene (PE). The aluminum composite panels are also known as aluminum composite materials.

The analysts forecast the global aluminum composite panels market to grow at a CAGR of 6.29% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global aluminum composite panels market for 2016-2020. The report also presents the vendor landscape and a corresponding detailed analysis of the top six vendors in the global aluminum composite panels market.

The market is divided into the following segments based on coating base type:

- Polyvinylidene difluoride (PVDF)
- Polyethylene (PE)

The report, Global Aluminum Composite Panels Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Alubond
- Alcobond
- Alcoa
- Guangzhou Xinghe
- Jyi Shyang
- Kaidi

Market driver

- Increased investments in construction
- For a full, detailed list, view our report

Market challenge

- LME price volatility affecting production plans
- For a full, detailed list, view our report

Market trend

- Rise in demand for nano self-cleaning aluminum composite panels
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Any Query, Submit Here @ <https://www.wiseguyreports.com/enquiry/320630-global-aluminum-composite-panels-market-2016-2020>

Table of Contents –Analysis of Key Points

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Market overview

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights
- Definition
- Advantages
- Value chain of aluminum composite panels market

- Aluminum composite panels production process

PART 05: Global aluminum pricing

- Global aluminum London Metal Exchange (LME) pricing trend

PART 06: Market landscape

- Global aluminum composite panels market
- Five forces analysis

PART 07: Market segmentation by coating base type

- Overview
- Global aluminum composite panels market by PVDF
- Global aluminum composite panels market by PE
- Global aluminum composite panels market by other coating base types

PART 08: Market segmentation by application

- Overview
- Global aluminum composite panels market for building and construction
- Global aluminum composite panels market for other applications

PART 09: Market segmentation by geography

PART 10: Market drivers

- Increased investments in construction
- Growing need for sustainable architecture
- Rise in mass transportation

PART 11: Impact of drivers

PART 12: Market challenges

- LME price volatility affecting production plans
- Increase in energy costs
- Growing price competition from Chinese suppliers

PART 13: Impact of drivers and challenges

PART 14: Market trends

- Rise in demand for nano self-cleaning aluminum composite panels
- Innovations in aluminum composite panels for interior decorative purposes
- Increase in usage of recycled aluminum composite panel
