In addition to the large personal investment some sponsorship comes from the Bissaya Barreto Foundation, Condeixa-a-Nova House Mayor and the North American MagicCraftsman

Studio.

The Times Square pieces are part of the International Surrealism Now group exhibit, an ongoing project that Ribeiro began in 2010 to showcase the work of surrealist artists from all over the world.

He conceived the International Surrealism Now movement in Coimbra with a major exhibit organized by Bissaya Barreto.

As Ribeiro continues planning the project's next phase, he is testing innovative exhibition spaces such as Times Square. His ambition for Winter 2018 is to launch the largest world exhibition of contemporary Surrealism art in Europe. The initial exhibit of paintings, drawings, digital art, photographs and sculpture -- with more than 100 artists from 48 countries participating -- is expected to be shown at several museums, monuments and public spaces throughout Portugal.
