*American publicist recognizes independent and major publisher authors with annual list*

NEW YORK, NY, UNITED STATES, October 9, 2017 /EINPresswire.com/ -- Ten authors from the U.S.A., Canada, the U. K. and beyond have been recognized as among 'The Best of Autumn Reading, 2017,' American publicist, [Fran Briggs](#) announced today.

Genres from the list include romance; mystery; children's; holidays, humor and science fiction.

"Honorees are independent and major-publisher authors who represent both legendary and new talent," explained Briggs. "Readers will enjoy exciting choices for this season's reading."

For those who find multiple genres and page-turners irresistible, 'The Best of Autumn Reading, 2017' demands their attention.

The promotional listing is indicative of the depth and breadth of the industry. It's a dynamically diverse collaboration of extraordinary voices, themes, and scenarios set to print.

Consideration as an honoree was generated by submissions from the authors or their management.

The 'Best of Summer Listening, 2017' is organized by book title, publisher, author and a short synopsis of the book. It also includes a website for additional information including how to purchase. The numerical order does not indicate any ranking.
