## [Hammocks Market 2017](#)

Hammocks are pieces of fabric, rope, or net that are suspended between two anchor points. This is usually accomplished by the use of a metal ring or a carabiner that is attached to a tree or a post using a sling or a nail. A varied range of camping equipment that includes hammocks, sleeping bags, tents, and backpacks are used for activities like camping, hiking, and climbing. Camping equipment may vary in size, insulation, design, material, temperature rating, and other parameters.

The analysts forecast the global hammocks market to grow at a CAGR of 17.45% during the period 2017-2021.
