

Retailing in Czech Republic Market 2017- Facilitate Decision-Making Based on Strong Historic and Forecast Data

PUNE, MAHARASHTRA, INDIA, October 16, 2017 /EINPresswire.com/ --

SUMMARY

WiseGuyReports published new report, titled "Service Station Retailing in the Czech Republic"

"Service Station Retailing in the Czech Republic 2017", a Sector Report by GlobalData, provides an executive-level overview of the Czech service station market today, with values and volumes up to 2017. It delivers quantitative and qualitative insight into the fuel market, based on in depth interviews with major fuel operators across Europe and proprietary data from GlobalData's service station retail databases. It provides: National Fuel Volumes and Values. Breakdown of the top five fuel retailers shop, car wash, company owned, motorway and unmanned sites. Company Fuel Volumes, Values and Market Shares. Major competitor analysis by country.

Total fuel consumption in the Czech Republic increased by 3.0% in 2016 compared to the previous year. Benzina AS (PKN Orlen) has the largest service station network, at 363 sites, amounting to 10.1% of the national network. The top five fuel retailers in the Czech Republic accounted for 44.3% of the number of service station shops in the country. The total number of service stations with a car wash in the Czech Republic increased by 7.2% to 1,105 sites as retailers invested in these facilities.
