[Home Healthcare Market Analysis And Forecast](#)

About Home Healthcare

Home healthcare refers to home-based healthcare services provided to users at the convenience of their homes. The integration of products and services and technological advances in home healthcare are driving the growth of the global home healthcare market. However, the lack of trained home HCPs and structured insurance policies and reimbursements could affect the growth of the market during the forecast period.

Technavio's analysts forecast the global home healthcare market to grow at a CAGR of 8.78% during the period 2017-2021.
