

Water and Wastewater Management for the Mining Sector 2017 Global Market Size, Status, Analysis and Forecast to 2021

Global Water and Wastewater Management for the Mining Sector 2017-2021

PUNE, INDIA, October 17, 2017
/EINPresswire.com/ --

WiseGuyReports.Com Publish a New Market Research Report On - "Water and Wastewater Management for the Mining Sector 2017 Global Market Size, Status, Analysis and Forecast to 2021".

The analysts forecast the [global water and waste water management market](#) for the mining sector to grow at a CAGR of 4.83% during the period 2017-2021.

Water and soil pollution are critical concerns in the mining industry and can be caused by toxic heavy metals, surfactants, fine particles of minerals, oil and grease, soaps and detergents, rubber, poisonous chemicals, high acidic or alkaline chemicals, and coal particles. The industry is looking for a sustainable practice to reduce its environmental impact. Mining chemicals along with water and wastewater treatment equipment play an important role in this by treating water to remove impurities and waste.

Covered in this report

The report covers the present scenario and the growth prospects of the global water and waste water management market for the mining sector for 2017-2021. To calculate the market size, the report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The market is divided into the following segments based on geography:

- Americas

- APAC
- EMEA

The report, Global Water And Waste Water Management Market For The Mining Sector 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- The Dow Chemical Company
- GE Water & Process Technologies
- Lenntech
- Pall
- Veolia

Other prominent vendors

- Amec Foster Wheeler
- AQUARION
- Aquatech International
- BioteQ Environmental Technologies
- Carmeuse
- Golder Associates
- IDE Technologies
- Miwatek
- MWH Global
- newterra
- Saltworks Technologies
- SUEZ Water & Treatment Solutions

Market driver

- Introduction of ever-more stringent environmental law.
- For a full, detailed list, view our report

Market challenge

- Complexities of managing wastewater resources.
- For a full, detailed list, view our report

Market trend

- Growing demand for mineral-based products.
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table Of Contents – Major Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Key market highlights
- Technological overview

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by product

- Global water and wastewater management market for the mining sector by product
- Global water and wastewater management market for the mining sector by water treatment equipment
- Global water and wastewater management market for the mining sector by wastewater treatment equipment

PART 07: Geographical segmentation

- Global water and wastewater management market for the mining sector by geography
- Americas
- EMEA
- APAC

PART 08: Market drivers

PART 09: Impact of drivers

PART 10: Market challenges

PART 11: Impact of drivers and challenges

PART 12: Market trends

PART 13: Vendor landscape

- Competitive scenario
- Other prominent vendors

PART 14: Key vendor analysis

- The Dow Chemical Company
- GE Water & Process Technologies
- Lenntech
- Pall
- Veolia
