

Oilfield Process Chemicals 2017 Global Market Expected to Grow at CAGR of 5.40% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On -“Oilfield Process Chemicals 2017 Global Market Expected to Grow at CAGR of 5.40% and Forecast to 2021”

PUNE, INDIA, October 20, 2017
/EINPresswire.com/ --

[Oilfield Process Chemicals Market 2017](#)

Oilfield process chemicals are a class of specialty chemicals that are extensively used in the oil and gas industry. They are used in various phases of oil exploration. Different types of oilfield process chemicals include drilling chemicals, stimulation chemicals, production chemicals, cementing chemicals, workover and completion chemicals, and enhanced oil recovery chemicals. These chemicals, with their use in oilfield operations, help in increasing the overall efficiency and productivity of oil extraction and production processes.

The analysts forecast the global oilfield process chemicals market to grow at a CAGR of 5.40% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the Global Oilfield Process Chemicals Market for 2017-2021. The report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The market is divided into the following segments based on geography:

- APAC
- Europe
- North America
- ROW

The report, Global Oilfield Process Chemicals Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Baker Hughes
- BASF
- Halliburton
- Schlumberger
- The Dow Chemical company

Other prominent vendors

- Akzo Nobel
- Albemarle
- Ashland
- CES Energy Solutions
- Chemex
- Chevron Phillips Chemical Company
- Clariant
- Dorf Ketal
- DuPont
- Ecolab
- Gulf Coast Chemical
- Huntsman International
- Lamberti
- Newpark Resources
- SICHEM
- Solvay
- Stepan
- Lubrizol

Market driver

- Increased demand for energy
- For a full, detailed list, view our report

Market challenge

- Volatile crude oil prices
- For a full, detailed list, view our report

Market trend

- Rising demand for novel chemical products
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

Table of Contents –Analysis of Key Points

PART 01: Executive summary

PART 02: Scope of the report

PART 03: Research Methodology

PART 04: Introduction

- Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by product type

- Global oilfield process chemicals market by product type
- Global drilling chemicals market
- Global stimulation chemicals market
- Global production chemicals market
- Global cementing chemicals market
- Global workover and completion chemicals market
- Global enhanced oil recovery chemicals market

PART 07: Geographical segmentation

- Global oilfield process chemicals market by geography
- Oilfield process chemicals market in North America
- Oilfield process chemicals market in Europe
- Oilfield process chemicals market in APAC
- Oilfield process chemicals market in ROW

PART 08: Decision framework

PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Rising demand for novel chemical products
- Biofuels reducing demand for conventional forms of fuel

PART 11: Vendor landscape
