

High Temperature Cables 2017 Global Market Expected to Grow at CAGR of 4.00% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On -"High Temperature Cables 2017 Global Market Expected to Grow at CAGR of 4.00% and Forecast to 2021"

PUNE, INDIA, October 23, 2017 /EINPresswire.com/ --

High Temperature Cables Market 2017

High temperature cables are designed to perform under extremely high temperature applications. These cables are halogen free, flexible, and durable. They are less chemically reactive and can operate under adverse climatic conditions. High temperature cables generally have good electrical conductivity, resistance to oil, weatherproof and resistance to UV radiation. The insulation material used on high temperature cables has high elasticity and tensile strength.

The analysts forecast the global High Temperature Cables market to grow at a CAGR of 4.00% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the global high temperature cables market for 2017-2021. The market size is calculated based on the demand for high temperature cables. The market has been segmented based on end-user and geography.

The market is divided into the following segments based on geography:

- Americas
- APAC

• EMEA

The report, Global High Temperature Cables Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- General Cable
- Nexans
- Prysmian Group

Other prominent vendors

- Thermal Wire and Cable
- ALLIED WIRE & CABLE
- Anixter
- Eland Cables
- Dacon Systems
- TPC Wire & Cable
- Lapp Group
- Flexible & Specialist Cables
- Axon' Cable

Market driver

- Growth in nuclear power generation
- For a full, detailed list, view our report

Market challenge

- Slowdown in Chinese economy
- For a full, detailed list, view our report

Market trend

- Rise in installed wind energy capacity
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?

- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Analysis of Key Points

PART 01: Executive summary PART 02: Scope of the report PART 03: Research Methodology PART 04: Introduction

Market outline

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by end-user

- Market Overview
- Energy
- Transport

PART 07: Geographical Segmentation

- Market Overview
- APAC
- EMEA
- Americas

PART 08: Decision framework PART 09: Drivers and challenges

- Market drivers
- Market challenges

PART 10: Market trends

- Rise in installed wind energy capacity
- Increase in the demand for cruise liners and naval vessels

• Growth of the chemicals industry in APAC

PART 11: Vendor landscapeContinued
