MEA [Cyber Security Market](#)

Description

WiseGuyReports.Com adds" Cyber Security Market in the MEA 2015-2019 "Research To Its Database.

Cyber threats are internet-based attempts that disrupt or damage IT systems and hack critical information using spyware, malware, and phishing. Cyber security solutions help organizations detect, monitor, report, and counter cyber threats and maintain the confidentiality of IT systems. Increased internet penetration has led an exponential rise in sophisticated attacks on IT business infrastructure. Organizations are increasingly adopting cyber security solutions to protect critical data or any digital asset stored in a computer or any digital memory device. Cyber threats are becoming the major concern with the increase in usage of mobile devices and applications.

MEA is undergoing significant economic and technological transformations, which has resulted in growth of business opportunities and improved IT infrastructure. However, the technological improvements and innovations are creating vulnerabilities and leading to increased cyber threats. The growing sophistication and penetration of cyberattacks has prompted organizations in the BFSI, government, telecom, and oil and gas sectors to adopt cyber security solutions to ensure security of critical information stored in computer systems or digital memory devices.

Covered in this Report

This report covers the present scenario and growth prospects of the cyber security market in MEA for the period 2015-2019. To calculate the market size, the report considers the revenue generated from the sales of cyber security solutions in MEA. The report also includes market insights, market description, end-user segmentation, and market landscape of the market. In addition, it provides a detailed analysis of the cyber security market in the seven major countries in MEA:

- Saudi Arabia
- UAE
- Qatar
- Egypt
- Turkey
- Algeria
- Bahrain

The Cyber Security Market in MEA 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects in the coming years. The report includes a discussion of the key vendors operating in this market.

Key vendors

- BAE Systems
- Booz Allen Hamilton
- Cisco Systems
- Fortinet
- Juniper Networks
- Raytheon
- Symantec
- Fortinet

Other prominent vendors

- Brocade Communications Systems
- CA Technologies
- Check Point Software Technologies
- Citrix Systems
- CSC
- Emc²
- FireEye

- IBM
- Northrop Grumman
- Palo Alto Networks
- Skybox Security

Market driver

- Increased use of mobile devices
- For a full, detailed list, view our report

Market challenge

- High cost of deployment
- For a full, detailed list, view our report

Market trend

- Demand for cloud-based security solutions
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2019 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Contents -Major Key Points

1.Executive Summary

2 List of Abbreviations

3 Scope of the Report

3.1 Market overview

3.2 Product offerings

4 Market Research Methodology

4.1 Market research process

4.2 Research methodology

5 Introduction

6 Emerging Trend in Cyber Security Market in Oil and Gas Sector by 2019

7 Market Insights

7.1 Global internet 2014

7.2 MEA statistics

7.3 Global cybercrime 2014

7.4 Cybercrime in MEA

7.5 Impact of cyber threats

7.6 Global internet penetration 2014

7.7 Internet penetration in MEA

7.8 Worldwide internet users

7.9 Internet users in Middle East

7.1 Internet users in Africa

7.11 Global security breaches in 2014

7.13 Impact of cyber threats on BYOD adoption

7.14 Mobile malware attacks in Middle East in 2014

8 Market Description

8.1 Types of cyber threats

8.2 Global cyber security market by type of threat 2014

8.3 Stages of cyber security solution

8.4 Advantages of cyber security solution

8.5 Benefits for deployment of cyber security solution

9 Market Landscape

9.1 Market overview

9.2 Product lifecycle analysis

09.2.1 Product lifecycle analysis for cyber security solutions in MEA

9.3 Global cyber security market

09.3.1 Market size and forecast

9.4 Cyber security market in MEA

9.5 Market share of cyber security market in MEA 2014-2019

9.6 Cyber security market in MEA

09.6.1 Market size and forecast

9.7 Five forces analysis

10 Market Segmentation by End-user

- 10.1 Cyber security market in MEA by end-user
 - 10.1.1 Cyber security market in MEA by end-user 2014-2019
 - 10.1.2 Attacks in MEA
- 10.2 Cyber security market in MEA in oil and gas sector
 - 10.2.1 Market size and forecast
- 10.3 Cyber security market in MEA in government sector
 - 10.3.1 Market size and forecast
- 10.4 Cyber security market in MEA in BFSI sector
 - 10.4.1 Market size and forecast
