

# Welding Controllers 2017 Global Market Expected to Grow at CAGR 7.17 % and Forecast to 2021

*The report provides in depth study of "Welding Controllers" using SWOT analysis i.e. Strength, Weakness, Opportunities and Threat to the organization*

PUNE, INDIA, October 23, 2017

[Welding Controllers Market Analysis And Forecast](#)

## About Welding Controllers

Welding controllers are required to adjust the time and welding current necessary to ensure a good weld. These controllers are protected against high transient voltage and spikes. The global welding controllers market mainly includes two types of resistance welding controllers, namely spot welding controllers and seam welding controllers. The use of such controllers as considered in this report is mainly noted in the automotive and auto component manufacturing, electronics and semiconductor, aerospace and defense, and heavy machinery industries.

Technavio's analysts forecast the global welding controllers market to grow at a CAGR of 7.17% during the period 2017-2021.

## Covered in this report

The report covers the present scenario and the growth prospects of the global welding controllers market for 2017-2021. The report presents a detailed picture of the market by way of study, synthesis, and summation of data from multiple sources.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Technavio's report, Global Welding Controllers Market 2017-2021, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Request For Sample Report @ <https://www.wiseguyreports.com/sample-request/2390667-global-welding-controllers-market-2017-2021>

#### Key vendors

- ARO Welding Technologies
- Bosch
- Dengensha Manufacturing
- TECNA

#### Other prominent vendors

- Colfax
- Japan Unix
- TECHNAX
- CLOOS Robotic Welding
- Jetline Engineering
- Hypertherm

#### Market driver

- Welding controllers help in meeting quality standards
- For a full, detailed list, view our report

#### Market challenge

- Emergence of laser welding technology
- For a full, detailed list, view our report

#### Market trend

- Addressing the issue of skill gaps
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2021 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?

You can request one free hour of our analyst's time when you purchase this market report. Details are provided within the report.

## Table Of Contents

### PART 01: EXECUTIVE SUMMARY

### PART 02: SCOPE OF THE REPORT

### PART 03: RESEARCH METHODOLOGY

### PART 04: INTRODUCTION

- Market outline

### PART 05: MARKET LANDSCAPE

- Market overview
- Market size and forecast
- Five forces analysis

### PART 06: MARKET SEGMENTATION BY PRODUCT TYPE

- Global welding controllers market segmentation by product type
- Comparison by product type
- Global welding controllers market for spot welding
- Global welding controllers market for seam welding
- Market opportunity by product

### PART 07: MARKET SEGMENTATION BY END-USER

- Global welding controllers market segmentation by end-user
- Comparison by end-user
- Global welding controllers market in automotive and auto component manufacturing industry
- Global welding controllers market in electronics and semiconductor industry
- Global welding controllers market in aerospace and defense industry
- Global welding controllers market in heavy machinery industry
- Market opportunity by end-user

### PART 08: REGIONAL LANDSCAPE

- Geographical segmentation
- Regional comparison
- Welding controllers market in APAC
- Welding controllers market in EMEA
- Welding controllers market in Americas
- Key leading countries
- Market opportunity

PART 09: DECISION FRAMEWORK

PART 10: DRIVERS AND CHALLENGES

- Market drivers
- Market challenges

PART 11: MARKET TRENDS

- Addressing the issue of skill gaps
- Emerging new welding technologies
- Increasing investments in research and development in industries

PART 12: VENDOR LANDSCAPE

- Competitive landscape
- Other prominent vendors

PART 13: VENDOR ANALYSIS

- Vendor overview
- ARO Welding Technologies
- Bosch
- Dengensha Manufacturing
- TECNA

PART 14: APPENDIX4

- List of abbreviations
