BIRMINGHAM, WEST MIDLANDS, UNITED KINGDOM, October 24, 2017 /EINPresswire.com/ -- RainbowTail – Match & Catch is an award winning hybrid mash-up of a match-three puzzle game, a collect them all adventure, an RPG all with a deep strategy mixed in for good measure. Here you'll have to match up gems, collect, power up and evolve your (mostly) adorable Gemlings (or pets), choose your team ready for battle and seek to restore colour to the world by defeating Darktail and his troublesome gang.

Using your puzzle solving skills, try to match four or five of the same gems to summon a pet of the same colour. Your pets can then be used to launch an attack on nearby enemies and bosses or simply break obstacles such as bricks and ice.

Gemlings can be evolved and levelled up along with their own unique attack range and pattern, stats and special traits which would contribute to near limitless in-game strategies. Choosing which Gemlings to bring along for battles are the key to victories!
