

Rising Need For High Speed Wi-Fi Connectivity To Drive The Growth Of Gigabit Wi-Fi Market In Future

Gigabit Wi-Fi Market: Global Demand Analysis & Opportunity Outlook 2021

BROOKLYN, NEW YORK, UNITED STATES, October 26, 2017

/EINPresswire.com/ -- The global gigabit Wi-Fi market has been segmented into end user such as IT/ITeS, education, healthcare, BFSI, defense, manufacturing, oil & gas, transportation & logistics and others. Among these segments, IT/ITes segment is expected to occupy the top position in gigabit Wi-Fi market during the forecast period. Increase in number of corporate offices coupled with subsequent demand for high speed internet access and data sharing is anticipated to increase the deployment of gigabit Wi-Fi in corporate spaces. On the other hand, educational segment is anticipated to witness noteworthy growth during the forecast period owing to rising popularity of online education & e-learning among youths.

Global gigabit Wi-Fi market is expected to flourish at a CAGR of 84.1% over the forecast period. Moreover, the global gigabit Wi-Fi market is anticipated to garner USD 10,540 Million by the end of 2021. Rising demand for high speed Wi-Fi connectivity is anticipated to propel the adoption of gigabit Wi-Fi during the forecast period.

North America accounted for the highest percentage of market share in overall gigabit Wi-Fi market in 2016. Further, North America is projected to continue its dominance over the forecast period on the account of high tech-savvy consumer in the region. Further, robust and optimized wireless network and connectivity in the region is anticipated to fuel the growth of gigabit Wi-Fi market. U.S. is the leading market of gigabit Wi-Fi across the world. Asia Pacific is likely to witness robust growth during the forecast period. Factors such as expansion of IT/ITeS and other corporate companies in the region are the major factor behind the expansion of gigabit Wi-Fi market in Asia Pacific region.
