

Power Inverter - India Industry Size, Share, Trends, Analysis and Forecast 2017 – 2021

"India Power Inverter Market Overview, 2021", the market for power inverters in India is expected to grow with a CAGR of more than 8% from 2015 to 2021

PUNE, INDIA, October 25, 2017 /EINPresswire.com/ -- Power or electricity is one of the most critical components of infrastructure affecting economic growth and well-being of every nation. The existence and development of adequate infrastructure is essential for sustained growth of the Indian economy. India's power sector is one of the more ignored sectors in the Indian economy especially in the rural parts of the country remains without power, as does 6% of the urban population. This report is about the market size of the power inverters in India and how is it going to help the economy of the country by providing back up of the power whenever needed. This report reveals how government is supporting the power inverter market by computerization of schools and other development factors to achieve the grid parity in India. The report also reveals the trend in this industry is shifting to hybrid inverters and solar inverter in Indian power inverter market.

The Power inverter market in India was growing at a CAGR of more than 11% during the period 2011—2015. The manufacturing ecosystem for these products is quite mature while technological requirements of Inverter manufacturing are greater than the manufacturing and design capabilities present in India currently. Some of the major players in the inverters market are Luminous, Su-kam, and Microtek. Steady demand from the home and SOHO segments is expected to buttress the growth of the inverter market. The unorganized segment has a large share of the inverter market, though its share has been declining lately due to enhanced consumer awareness.

According to "[India Power Inverter Market Overview, 2021](#)", the market for power inverters in India is expected to grow with a CAGR of more than 8% from 2015 to 2021. Central Inverters are the major market share acquirers of the inverter market. Micro-inverters are forecasted to increase its share technology wise. Residential segment is the new target of the inverter industry. The unorganized sector which was leading the market till 2012 is forecasted to shrink in the coming years. New entrants are also increasing and their revenue share is expected to grow over the forecasted period, owing to their expansion plans and widening of dealership networks. "India Power Inverter Market Forecast & Opportunities, 2020" discusses the following aspects of water heaters in India:

Key Segment

- Global Renewable Inverter Market Outlook
- India Renewable Inverter Market Outlook

"India Power inverter Market Overview, 2021" examines the following aspects of Power inverter in India:

The report gives an in-depth understanding of Power Inverter market in India:

- Global Inverter Market Outlook - Market Size & Forecast
- Global Inverter Market Outlook - Market Size By Volume
- Pricing Analysis

- India Power Inverter Market Outlook - Market Size & Forecast
- India Power Inverter Market Outlook - Market Size By overall residential inverter
- India Power Inverter Market Outlook - Market Size By Overall industrial inverter
- India Power Inverter Market Outlook - Market Size By Volume
- India Power Inverter Market Outlook - Market Size By Volume By Overall residential Inverter
- India Power Inverter Market Outlook - Market Size By Volume By Overall Industrial Inverter
- Segmental Analysis - By Company, By Region, By Technology, By Division in Residential segment in KVA
- Pricing Analysis of Indian Inverter Market
- Competitive Landscape
- Key vendors in this market Space

This report can be useful to Industry consultants, manufacturers and other stakeholders to align their market-centric strategies. In addition to marketing & presentations, it will also increase competitive knowledge about the industry.

Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interviews with various channel partners of Power inverter in India. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.

TABLE OF CONTENTS

1. Executive Summary
2. Global Inverter Market Outlook
 - 2.1. Market Size By Value
 - 2.2. Market Size By Volume
 - 2.3. Pricing Analysis
3. India Non Renewable Inverter Market Outlook
 - 3.1. Market Size By Value
 - 3.1.1. Overall Inverter Market
 - 3.1.1.1. Total Inverter Market
 - 3.1.1.2. Total Organized Inverter Market
 - 3.1.1.3. Total Unorganized Inverter Market
 - 3.1.2. Overall Residential Inverter Market
 - 3.1.2.1. Total Residential Inverter Market
 - 3.1.2.2. Organized-Unorganized Market Size in Residential Inverter Market
 - 3.1.3. Overall Industrial Inverter Market
 - 3.1.3.1. Total Industrial Inverter Market
 - 3.1.3.2. Organized-Unorganized Market Size in Industrial Inverter Market
 - 3.2. Market Size By Volume
 - 3.2.1. Overall Inverter Market
 - 3.2.1.1. Total Inverter Market
 - 3.2.1.2. Total Organized Inverter Market
 - 3.2.1.3. Total Unorganized Inverter Market
 - 3.2.2. Overall Residential Inverter Market
 - 3.2.2.1. Total Residential Inverter Market
 - 3.2.2.2. Organized-Unorganized Market Size in Residential Inverter Market
 - 3.2.3. Overall Industrial Inverter Market
 - 3.2.3.1. Total Industrial Inverter Market
 - 3.2.3.2. Organized-Unorganized Market Size in Residential Inverter Market
 - 3.3. Market Share
 - 3.3.1. By Region
 - 3.3.2. By Company
 - 3.3.3. By Technology
 - 3.3.4. By Division in Residential Segment in KVA
