ROUND ROCK, TEXAS, UNITED STATES, October 25, 2017 /EINPresswire.com/ -- Round Rock, TX - [Cryo 512 LLC](#), a cryotherapy business specializing in cutting-edge healthcare technology, will be opening its doors in Round Rock on November 17th, 2017. Cryotherapy is the local or general exposure of the body to subzero temperatures, a procedure that promotes overall health and wellness and helps relieve chronic pain. Cryo 512 sets itself apart by being the only business in the area that allows customers to customize their monthly memberships with free family add-ons.

Cryotherapy is a revolutionary process that is endorsed by a growing number of celebrities and elite athletes, such as Lebron James, Cristiano Ronaldo and Floyd Mayweather. Many NFL and professional sports teams have Cryo saunas in locker rooms and training facilities today. Each session helps reduce inflammation and allows injured muscles to recover more quickly to help achieve peak performance.
