

Mobile Phone Insurance Ecosystem Market is Expected More Than \$27 Billion in Revenue By The End of 2020

Precisemarketreports.com add new report Mobile Phone Insurance Ecosystem Market it contain 7 Chapter With LOF & world 100+ Major Key Players Profile

PUNE, MAHARASHTRA, INDIA, October 26, 2017 /EINPresswire.com/ -- Given the increasing prevalence of expensive household goods, cars and consumer electronics, insurance has become an unavoidable and often necessary cost in modern life. Mobile phones, and smartphones in particular are no exception to this trend.

Most major mobile operators, insurance specialists, device OEMs, retailers and even banks now offer insurance plans that cover theft, loss, malfunctions and damage of mobile phones. Many policies now also integrate enhanced technical support and additional protection features such as data backup facilities, allowing users to securely backup their phone data online.

Key Findings

The report has the following key findings:

- SNS Research estimates that the global mobile phone insurance market is expected to account for \$20.5 Billion in revenue by the end of 2017. The market is further expected to grow at a CAGR of approximately 10% over the next three years, eventually accounting for more than \$27 Billion in revenue by the end of 2020.
- In an effort to boost the uptake of their mobile phone insurance plans, mobile operators and insurance providers have extensively enhanced their offerings with a number of differentiating features such as multi-device coverage, integrated device security apps, prioritized technical support, door-to-door repair services and secure data storage for photos and videos.
- To accelerate the adoption of mobile phone insurance in developing markets, mobile operators are experimenting with an array of strategies ranging from complimentary insurance schemes to bundling insurance with inexpensively priced mobile security offerings.
- Many smartphone OEMs – including Apple, Samsung, HTC, Acer, Motorola Mobility and Xiaomi – already offer their own branded protection plans across multiple countries, and others are expected to follow suit. By the end of 2020, OEM branded plans will account for a market worth nearly \$4.5 Billion.
