

Global Agrochemicals Market is Expected to Reach US\$300.548 billion by 2022

Market Research Report on the Global Agrochemicals Market

RAIPUR, INDIA, October 26, 2017
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Agrochemicals Market](#)

- Forecasts from 2017 to 2022" to its offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

According to the report, the agrochemicals market is projected to grow at a CAGR of 3.77% over the forecast period to reach US\$300.548 billion by 2022, from US\$249.745 billion in 2017. Agrochemicals are witnessing high demand on account of factors such as rising demand for pesticides, an increase in popularity of genetically modified crops and the pressure on farmers to reduce the cost of crop cultivation by using highly efficient agriculture products.

Agrochemicals are majorly used in agriculture, horticulture, and floriculture including a broad range of hormones, pesticides, synthetic fertilizers and chemical growth agents. Major benefits of agrochemicals include modifying the need of the crop to suit the changing weather pattern and increasing crop production by optimal use of scarce resources.

Competitive Insights: The major players discussed in the report include BASF, The Dow Chemical Company, Yara International, Monsanto, The Mosaic Company, Syngenta, Bayer CropScience, Israel Chemicals Limited, Agrium Inc., and Gharda Chemicals Limited among others
