

Media5 presents to the Telecom market its new BroadCloud VoIP gateways and adaptors

The Mediatrix C7 and 4100 gateways were included in the BroadCloud product catalogue and available in all markets

SHERBROOKE, QUEBEC, CANADA, October 27, 2017 /EINPresswire.com/ -- For the third consecutive year, [Media5](#) Corporation has sponsored BroadSoft Connections, one of the largest Unified Communications conferences worldwide, this week in Phoenix, Arizona. Media5 showcased some of the cutting-edge technology in VoIP CPE, including the [Mediatrix](#) C7 and Mediatrix 4100 Series that recently successfully completed BroadCloud interoperability testing with BroadSoft. Fully interoperable with the BroadSoft ecosystem, the Mediatrix portfolio includes Enterprise Session Border Controllers (E-SBCs), media gateways, and analog VoIP Adaptors (ATAs). Each device ensures seamless deployment with the BroadSoft Hosted UC platform.

“By leveraging BroadSoft Business cloud unified communications, team collaboration and contact center solutions, Media5 has demonstrated its commitment to reinventing how people work,” said Taher Behbehani, chief digital and marketing officer, BroadSoft. “We’re thrilled to welcome Media5’s new solutions into our growing user environment and eager to see the reception of this announcement at Connections.”

MEDIATRIX PORTFOLIO

“The Mediatrix platforms, powered by Media5, are designed to support BroadSoft Business solutions focused on the Enterprise UCaaS market. Holding BroadWorks interoperability and now figuring in the BroadCloud catalogue, our products provide the lowest TCO for hosted UC services and IP trunking. Mediatrix devices are also globally well-known for their carrier grade quality, reliability, and hassle free set-up and management. We are quite proud to sponsor BroadSoft Connections once again and showcase our expertise through Media5’s outstanding products” said Eric Beaudoin, Product Line Manager of Mediatrix gateways at Media5.
