

Blockchain Executive and Cryptocurrency Investor David Drake joins eSport and Gaming platform Play2Live Advisory Board

NEW YORK, NEW YORK, UNITED STATES, November 8, 2017

[/EINPresswire.com/](http://EINPresswire.com/) -- Play2Live, a blockchain-based streaming platform for gamers and eSports fans has announced the joining of David Drake the Chairman at LDJ Capital to its advisory board. With an upcoming token pre-sale that is scheduled to take place November 20th to 26th, David will give counsel on business development and investor relations.

A Managing Partner at LDJ LP Fund

Investments, a multi-family office; Victoria Partners, a 300 family office network based in London; LDJ Real Estate Group and Drake Hospitality Group; and The Soho Loft Media Group with divisions Victoria Global Communications, Times Impact Publications, and The Soho Loft Conferences, David Drake has acted as GP & LP investors with his partners in fund-of-funds, realty funds, venture capital funds & hedge funds whose investments currently have 50+ global directors that maintain relations with institutions & family offices with \$1.5 trillion in assets. As an advocate of innovative investing in early-stage equity, he has been involved in TMT (technology, media, telecoms), realty, hospitality, clean tech, energy and social impact investments for more than 20 years.

“I am delighted to join Play2Live as a strategic advisor. The eSports market is valued at \$700M for 2017 and is growing rapidly. The use of blockchain technologies in a streaming platform with interactive features and multiple monetizing tools makes it one of the innovative and promising projects in the space right now. I look forward to help shaping milestones to come.” - David Drake, Partner at LDJ Capital

Alexey Burdyko, the founder and CEO at Play2Live CEO, said “The company is extremely pleased to bring one of the industry’s most trusted and respected experts on board as Advisor. I truly believe in success of this project and with David’s experience we have more resources and feasibility to transform the industry and deliver an ultimate end-to-end solution for streamers, gamers and eSports fans covering all their needs, and also providing the key advantages of blockchain technology such as speed, transparency, security and availability.”
