LOS ANGELES- CA – Conservative radio host and author of the new book: Revolution America... Communication Toolbox for the Modern Conservative American Woman, announced today her new book will release from Motivational Press Publishing on Dec 15th in all book stores nationally as well as Barnes and Noble.com, Amazon, among other online outlets as well as bookstores.

“

Revolution America begins at home, empowering women and people taking back our families and our nation to a place of greatness, one person, one mind and one thought at a time”

ERIN CRUZ

Erin is an outspoken voice for conservative women and is much sought after by the media. She has spent the last decade hosting a national radio show that has a huge following.

ABOUT THE BOOK

With political tension at an all time high, unseen since the 1960's, Erin Cruz saw the need to share better ways to interact and make progress in political conversation within the family unit and beyond. Revolution America encourages political and social interaction among conservatives, women in particular. Through the life examples of several modern conservative women, Erin Cruz shows new ways of thinking and approaching varying degrees of social interaction which will help people in their communication in many areas of life, not just the political arena. By providing examples and tools as well as valuable skill sets for women and men alike, the book presents fresh ways to look at current events in a focused format. As a result of reading Revolution America, one should develop a balanced view of important political topics not usually found in the world media allowing for more productive interactions and impact within the family unit and community.

ABOUT ERIN CRUZ
