According to the U.S. Census Bureau, 2016, the U.S population is projected to grow around 48% from 2000 to 2050. It is an imperative factor that is expected to increase the demand for health care delivery system, in turn fueling the growth of U.S. hospital beds market over the forecast period. Furthermore, in October 2017, the Ministry of Health and Long-Term Care, Canada announced to provide new 2,000 hospital beds in the most of hospital in the U.S due to overcrowded flu season. The government has decided to fund around US\$ 3.082 Mn to an Ottawa hospital for 45 new beds until March 2018. Cornwall Community Hospital is expected to receive funding around US\$ 1,027,500 Mn for 15 new beds. The Ministry of Health and Long-Term Care, Canada aims to improve the healthcare delivery system to support patients in need of less complex care. This temporary fund is short time strategy to expand healthcare system, which is expected to fuel the growth of U.S. hospital beds market over the forecast period.
