

Info Cubic and iCIMS Announce Partnership to Help Recruiters Screen Faster with Background Checks and Health Screening

Info Cubic solutions now integrate with iCIMS Talent Acquisition Suite

DENVER, COLORADO, USA, November 7, 2017 /EINPresswire.com/ -- Info Cubic, an NAPBS accredited, ISO certified and customer service award-winning background screening company, today announced a partnership with iCIMS, Inc., a leading provider of cloud-based talent acquisition solutions.

Info Cubic, focused on providing the highest quality background screening, drug testing and occupational health services, now offers an integration into the iCIMS Talent Platform, a suite of talent acquisition tools that enables organizations to source, screen and employ the best talent for their ever-changing business needs. The integration between Info Cubic and iCIMS offers a seamless transfer of candidate background check results from the Info Cubic platform into the iCIMS Talent Platform, allowing recruiters to efficiently screen candidates and manage their hiring process from start to finish, all within a single, cloud-based application.

“There are many of our clients taking advantage of our integration with iCIMS already, and we are very pleased to be partnering with a company that truly takes customer service as seriously as we do,” said Jason Rennie, SVP of sales and marketing with Info Cubic.

“Hiring the right people is essential to business success, and that is exactly what Info Cubic is empowering employers to do through its innovative screening technology,” said Susan Vitale, chief marketing officer of iCIMS. “It’s so important to us to continue to grow our partner ecosystem with dedicated and cutting-edge solutions that create a seamless experience for tackling the complex world of talent acquisition.”

Info Cubic will also benefit from UNIFi, iCIMS’ Platform-as-a-Service framework that enables partners to integrate their software applications with the iCIMS Talent Acquisition Suite and market their products to iCIMS’ customers through the iCIMS Marketplace. The iCIMS Marketplace, an online community featuring the largest partner ecosystem in the talent acquisition industry, enables companies to shop for and engage with supporting technology providers that best fit their unique talent acquisition and management needs – all in one logical, easy-to-use interface. Additionally, through UNIFi, partners can build long-term, lasting relationships through standard and streaming APIs that offer flexible data sharing, adding value to their customer experience.
