

# nexogy Announces New Partnership with Epygi Technologies

*Epygi's and nexogy's mutual commitment for innovation, quality and the highest level of customer service was confirmed.*

CORAL GABLES, FLORIDA, UNITED STATES, November 2, 2017

[/EINPresswire.com/](http://EINPresswire.com/) -- Epygi

Technologies, a worldwide provider of Integrated Communications Solutions, has partnered with nexogy, a leading provider of communications services, to offer more features and functionality and thus enhance its customer and prospect interactions.

Epygi's and nexogy's mutual commitment for innovation, quality and the highest level of customer service ensures outstanding products and service to meet business needs. All of Epygi's global consumers may now take advantage of nexogy's cost-effective managed communications solutions and multimodal communication capabilities.

"Successfully completing the Interoperability Certification with nexogy will provide our customers with a broader feature set, divers media services and all-in-one communication offerings that in addition, allows for rapid transition from legacy telecommunications networks to IP-based communications," said Mario Espaillat, North American Sales Channel Manager of Epygi Technologies.

“

We are excited to add epygi to the nexogy Family, we see tremendous opportunity to expand our network connectivity solutions in the Marketplace today, to strive for the "highest point," of service”

*Oliver Verde Director of Marketing @nexogy*

"We are excited to add epygi to the nexogy Family, we see tremendous opportunity to expand our network connectivity solutions in the marketplace today, particularly as the enterprise network architecture evolves to support distributed businesses and cloud-based business applications," said Oliver Verde Director of marketing.
