

# Food Additives Market in the US 2017 Expected to Grow at CAGR of 3.77% and Forecast to 2021

Wiseguyreports.Com Publish New Market Research Report On -“Food Additives Market in the US 2017 Expected to Grow at CAGR of 3.77% and Forecast to 2021”

PUNE, INDIA, November 3, 2017  
/EINPresswire.com/ --

## [Food Additives Market in the US 2017](#)

Food additives are substances or ingredients added to food to enhance taste, add flavor, color, and nutritive quality, enhance texture, and act as preservatives. Their key end-users are food manufacturers, and the chief application segments of food additives are fast food, packaged food, and beverages. Food additives may be extracted from natural sources or synthesized from chemical compounds.

The analysts forecast the food additives market in the US to grow at a CAGR of 3.77% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the food additives market in the US for 2016-2020. To calculate the market size, the report considers revenue generated through the sales of food additives by vendors in the US market.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA
