Internet Access Global Industry

- Leading company profiles reveal details of key internet access market players' global operations and financial performance
- Add weight to presentations and pitches by understanding the future growth prospects of the global internet access market with five year forecasts by both value and volume

### Key points to buy

The internet access sector consists of the total revenues generated by Internet Service Providers (ISPs) from the provision of narrowband and broadband Internet connections and wireless through both consumer and corporate channels.

Market volumes represent total number of subscriptions.

Any currency conversions have been calculated using constant annual average 2016 exchange rates.

- The global internet access market had total revenues of \$981.4bn in 2016, representing a compound annual growth rate (CAGR) of 8.9% between 2012 and 2016.
- Market consumption volume increased with a CAGR of 7.6% between 2012 and 2016, to reach a total of 2,924.8 million subscriptions in 2016.
- China is by far the leading nation globally in terms of both market value and subscription volumes. Considering that internet penetration stands at only around 52% at present, the potential for growth in this market is huge.
