

Geothermal Power in Turkey Market 2017- Facilitate Decision-Making Based on Strong Historic and Forecast Data 2030

PUNE, MAHARASHTRA, INDIA,
November 3, 2017 /EINPresswire.com/ --

SUMMARY

WiseGuyReports published new report,
titled "Geothermal Power in Turkey"

"Geothermal Power in Turkey, Market Outlook to 2030, Update 2017 - Capacity, Generation, Levelized Cost of Energy (LCOE), Investment Trends, Power Plants, Regulations and Company Profiles", is the latest report from the industry analysis specialists that offer

comprehensive information and understanding of the Geothermal market in Turkey.

The report provides an in-depth analysis on global renewable power market and global Geothermal market with forecasts up to 2030. The report analyzes the power market scenario in Turkey (includes conventional Hydro, nuclear and renewable energy sources) and provides future outlook with forecasts up to 2030. The research details renewable power market outlook in the country (includes Wind, small hydro, Geothermal and renewable) and provides forecasts up to 2030. The report highlights installed capacity and power generation trends from 2006 to 2030 in Turkey Geothermal market. A detailed coverage of energy policy framework governing the market with specific policies pertaining to Geothermal market development is provided in the report. The research also provides company snapshots of some of the major market participants.

The report is built using data and information sourced from proprietary databases, secondary research and in-house analysis by team of industry experts.

Scope

The report analyses global renewable power market, global Geothermal (Biomass and Biogas) market, Turkey power market, Turkey renewable power market and Turkey Geothermal market. The scope of the research includes –

- A brief introduction on global carbon emissions and global primary energy consumption.
- An overview on global renewable power market, highlighting installed capacity trends, generation trends and installed capacity split by various renewable power sources. The information is covered for

the historical period 2006-2016 (unless specified) and forecast period 2017-2030.

- Renewable power sources include wind (both onshore and offshore), solar photovoltaic (PV), concentrated solar power (CSP), small hydropower (SHP), biomass, biogas and geothermal.
- Detailed overview of the global Geothermal market with installed capacity and generation trends, installed capacity and generation split by major Geothermal countries in 2016.
- Power market scenario in Turkey and provides detailed market overview, installed capacity and power generation trends by various fuel types (includes thermal conventional, nuclear, large hydro and renewable energy sources) with forecasts up to 2030.
- An overview on Turkey renewable power market, highlighting installed capacity trends (2006-2030), generation trends(2006-2030) and installed capacity split by various renewable power sources in 2016.
- Detailed overview of Turkey Geothermal market with installed capacity and generation trends and major active and upcoming Geothermal projects.
- Deal analysis of Turkey Geothermal market. Deals are analyzed on the basis of mergers, acquisitions, partnership, asset finance, debt offering, equity offering, private equity (PE) and venture capitalists (VC).
- Key policies and regulatory framework supporting the development of renewable power sources in general and Geothermal in particular.
- Company snapshots of some of the major market participants in the country.

Key points to buy

- The report will enhance your decision making capability in a more rapid and time sensitive manner.
- Identify key growth and investment opportunities in Turkey Geothermal market.
- Facilitate decision-making based on strong historic and forecast data for wind power market.
- Position yourself to gain the maximum advantage of the industry's growth potential.
- Develop strategies based on the latest regulatory events.
- Identify key partners and business development avenues.
- Understand and respond to your competitors' business structure, strategy and prospects.

Table of Contents

1	Table of Contents
2	Executive Summary
3	Introduction
4	Renewable Power Market, Global
5	Geothermal Market, Global
6	Power Market, Turkey
7	Renewable Power Market, Turkey
8	Geothermal Market, Turkey
9	Power Market, Regulatory Scenario, Turkey
10	Geothermal Power Market, Turkey, Company Profiles
11	Appendix
