

'HisTime' is the Cannabis alternative to Viagra

New cannabis based health supplement is available in the UK understood to be a natural alternative to the libido boosting power of the well known blue pill.

LONDON, LONDON, UNITED KINGDOM, November 6, 2017 /EINPresswire.com/ -- [HisTime by HERBALICA](#). The best of breed botanical extracts with a [CBD boost](#) for every man's health needs. Featuring established and market proven plant compounds uniquely formulated for men to improve body and mind.

The modern fast paced and high stress lifestyle has left damaging marks on British relationships. Male hormonal imbalance (MHI) has a direct influence on both physical and emotional aspects of life, not everyone is happy rushing to medicate sexual appetite or erectile dysfunction.

Researchers at The National Institute of Mental Health (NIMH) estimate that at least 6 million men in the U.S. suffer from depressive disorders, including suicidal thoughts, annually. In addition; strength, attention, emotional function are directly affected causing depleted sexual appetite and fertility.

Research has shown that prostate inflammation and cancer can be influenced by [CBD Oils](#). CBD is the non-psychoactive anti-inflammatory compound from the cannabis plant. CBD is legal and considered a food supplement in the UK and Europe.

Experimental evidence shows that prostate tissue possess cannabinoid receptors upon which CBD acts. Stimulation of these receptors results in and anti-androgenic effects. This is a powerfully close relationship between male hormonal imbalance, sperm production.

HisTime by Herbalica with CBD Cannabis Oil

HisTime by Herbalica is a unique formulation of plant extracts blended with CBD. The product comes to the UK market from Israel where extracts and combinations have been tested for decades. HisTime has been crafted using 10 different botanical extracts, each with it's own proven ability to improve, support and maintain mens health needs.

Specifically related to libido and sex drive, and well known in ancient medicine are; Panax ginseng, Muiira Puama and Saw palmetto. These compounds are known to be helpful in construction of sperm cells and strengthening weakness in their structure and improving sperm motility. HisTime contains adaptogen plants which known as rehabilitate and balance the endocrine system and sex hormones regulative activity.

HisTime by Herbalica is set to challenge the little blue pill the world has come to recognize as the sexual saviour. HisTime is 100% natural, 100% legal and 100% works.
