

Global Dietary Fibers Market is expected to grow at a CAGR of 13.7% between 2016 and 2022.

Market Research Report on Global Dietary Fiber Market

RAIPUR, INDIA, November 6, 2017
/EINPresswire.com/ --

Global Dietary Fiber Market 2016-2022

Report Sellers has added a new market research report "[Global Dietary Fibers Market Outlook \(2016-2022\)](https://www.reportsellers.com/market-research-report/Dietary-Fibers---Global-Market-Outlook-2016-2022)" to its

offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

According to the report, the Global Dietary Fibers Market is expected to grow at a CAGR of 13.7% between 2016 and 2022.

Growing demand for fiber supplements to overcome nutrition deficiency and increasing health consciousness among the people are the drivers propelling the market growth. Moreover change in life style requires more fiber nutrients to balance the diet is another prominent factor driving the market growth. However stringent regulatory approvals are hindering the market growth.

Insoluble fiber in product segment is anticipated to move with a highest CAGR during forecast period owing to maintenance of balanced PH by consuming these kinds of fibers. Fruits and vegetables in source segment accounted for the largest market share in 2015, cereals and grains segment is expected to show healthy growth rate during forecast period. North America accounted for the highest market share as compared to other regions. The Asia Pacific region is expected to grow at a higher CAGR and is anticipated to account for the highest market share during forecast period owing to increase in disposable incomes.
