

India Pumps Market latest trends, forecast and market analysis

Market Research Report on India Pumps Market

RAIPUR, CHHATTISGARH, INDIA, November 6, 2017 /EINPresswire.com/ -- Report Sellers has added a new market research report "[Pumps Market in India 2017](#)" to its offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

The agricultural sector accounts for the highest share of demand for pumps in the Indian market. Southern India accounts for the highest share of pumps manufactured in the country. Expansion in Infrastructure is one the major factors influencing the growth of the pumps market. Erratic monsoon in India provides a major opportunity for market growth. Fluctuations in groundwater level have also facilitated further development of the market. The rise in population and urbanization has boosted the demand for pumps in the market. Healthy economic outlook is also stimulating the growth of the Indian pumps industry. The Government of India is actively encouraging technology development and transfer to enable the small-scale pumps manufacturers to enter high-tech areas such as aerospace and defense.

However, the players operating in the market also face several challenges which are hampering their development and growth. Agricultural power subsidy by the government poses a major hindrance to market growth. High price sensitivity of customers also presents a major challenge for market growth. Moreover, the rise in cost of inputs acts as a major bottleneck in the development of the Indian pumps industry. The major player in the Indian pumps market is Kirloskar Brothers Limited, holding a considerable portion of the market share along with KSB Pumps, Dynamatic Technologies, Shakti Pumps, WPIL Limited, and others.
