Market Research Report on Silicone Elastomers

Report Sellers has added a new market research report "[Silicone Elastomers - Global Market](#) Outlook (2017-2023)" to its offerings.

According to Report, the [Global Silicone Elastomers Market](#) is expected to grow from \$8.10 billion in 2016 to reach \$13.01 billion by 2023 with a CAGR of 7.0%.

Silicone elastomers are also known as silicone-based polymers which are widely used in industry, and there are multiple formulations. Also this silicone elastomers are exists in different forms, such as open cell foams, closed cell sponges, thermally conductive and solids. Some of the reasons that are shaping the global market include increasing use of silicone elastomers in electrical & electronics industry, developing advancements in technologies, improving demand for silicone elastomers in consumer goods and industrial machinery, rise in geriatric population among healthcare industry and escalating demand in aerospace applications. On the contrary, sluggish growth in emerging countries and high product costs are some factors that are creating hurdles in market growth.

By product, high temperature vulcanize (HTV) segment leads the global market attributed to growing demand in end user industries, particularly in developing regions is favoring the product growth. Depending on geography, Europe region is anticipated to grow at a CAGR of more than 6.0% over the forecast period. Among Germany increasing demand in automotive technological hubs is fuelling the market growth.

Some of the key players in global Silicone Elastomers market include China National Bluestar (Group) Co., Ltd., DOW Corning Corporation, KCC Corporation, Mesgo S.P.A., Momentive Performance Materials Inc., Reiss Manufacturing Inc., Zhejiang Xinan Chemical Industrial Group Co., Ltd., Wacker Chemie AG, Specialty Silicone Products Inc. and Shin-Etsu Chemical Co., Ltd.

What does the Report Offers

- Market share assessments for the regional and country level segments
- Market share analysis of the top industry players
- Strategic recommendations for the new entrants
- Market forecasts for a minimum of 7 years of all the mentioned segments, sub segments and the regional markets
- Strategic recommendations in key business segments based on the market estimations
- Competitive landscaping mapping the key common trends
- Company profiling with detailed strategies, financials, and recent developments

Report Scope

Global silicone elastomers market has been segmented by processes covered, end users covered, products covered and regions covered

Processes Covered:

Compression Molding

Extrusion

Injection Molding

Liquid Injection Molding

Others Processes

End Users Covered:

Healthcare

Electrical & Electronics

Industrial Machinery

Consumer Goods

Automotive & Transportation

Other End Users

Products Covered:

Room Temperature Vulcanized

Liquid Silicone Rubber

High Temperature Vulcanized

Regions Covered:

North America

US

Canada

Mexico
Europe
Germany
UK
Italy
France
Spain
Rest of Europe
Asia Pacific
Japan
China
India
Australia
New Zealand
Rest of Asia Pacific
South America
Argentina
Brazil
Chile
Rest of South America
Middle East & Africa
Saudi Arabia
UAE
Qatar
South Africa
Rest of Middle East & Africa
