

NVS Now Offers a ‘Mobile-Friendly Messaging System’

Accessing and communicating information while out on the field just got easier.

PRARIE VILLAGE, KANSAS, UNITED STATES OF AMERICA, November 7, 2017 /EINPresswire.com/ -- Celebrating its 27th year in business, Nations Valuation Services ([NVS](#)), the Appraisal Services division of the well-known Nations Companies, announced today the release of the newly enhanced ‘Mobile-Friendly Messaging System’, a brand new way for AMC’s to work with Appraisers nationally.

As a part of the continual improvement of communication abilities with Appraisers over the last three decades, NVS just released a new ‘Mobile-Friendly Messaging System’ that communicates instantly with Appraiser’s smart phones!

For example: Appraisers are able to simply open a status message, click the file number, and click “YES” to confirm an appointment was completed. That’s it! No need to wait until an Appraiser gets back to the office to update, plus this eliminates those pesky incoming calls other AMC’s are prone to make almost daily!

The new NVS Mobile-Friendly Messaging System provides the Daily Status Report system the best service in the market for the end-consumers by creating seamless communication between Appraiser, NVS and the Lender.

Nations Valuation Services (NVS) is a division of Nations Companies, which is a diversified provider of real estate information services including: Appraisals, Title, and Default Services. Established in 1989, Nations Companies is one of the most successful & established national companies offering
