

# Global Smart Governments Market is Expected to Reach \$39.27 billion by 2023

*Smart Governments Market Research Report*

RAIPUR, INDIA, November 8, 2017  
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Smart Governments - Global Market Outlook \(2017-2023\)](#)" to its offerings.

According to Report, the [Global Smart Governments Market](#) is expected to grow from \$10.16 billion in 2016 to reach \$39.27 billion by 2023 with a CAGR of 21.3%.

Increasing data from various sources, raising focus on digitalization, and growing adoption of cloud computing, big data, and Internet of Things are some of the major factors boosting the market growth during the forecast period. On the other hand, differences in regulations across the various countries, security issues are the constraints inhibiting the market growth.

Among services segment, professional services is anticipated to command the global market with highest market share over the forecast period due to growing demand for consulting service which provides technological assistance. By solutions, remote monitoring segment is expected to witness highest CAGR due to growing deployments throughout governments. North America is expected to hold the largest share in global market. Asia Pacific is predicted to register high growth rate due to increasing adoption of technological advancements in emerging countries such as India, China, and Japan.

Some of the key players in global smart governments market include ABB Ltd., Amazon Web Services, Inc., Avaya Inc., Capgemini S.A., Cisco Systems, Inc., Entrust Datacard Corporation, Global Corporation, Huawei Technologies Co., Ltd., Hughes Identification Devices (HID) Global Corporation, Imex Systems Inc., International Business Machines (IBM) Corporation, Nokia Corporation, OpenGov, Oracle Corporation, Socrata, and Symantec Corporation.
