*Global market research platform has made available PESTEL, SWOT and Country Risk reports at nominal price for University Students and Professionals.*

LEWES, DELAWARE, DELAWARE, UNITED STATES, November 8, 2017 /EINPresswire.com/ -- Each year international government bodies release set of macroeconomic data for countries. These data signify the health of economy, current market conditions and future scenario in each country. Often professionals and students require these sorts of data in their projects. Browsing world bank and IMF website for concrete information is a tricky job and time consuming. To make the job easier for them, global research platform MarketResearchReports.com has launched a series of country reports which caters to three main categories.

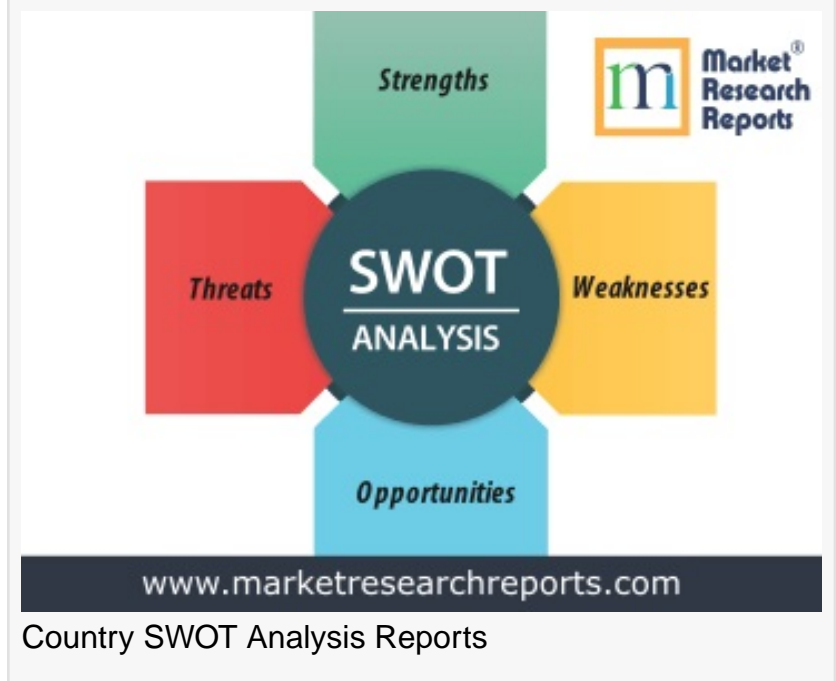

1. [Country PESTEL Analysis Market Research Reports](#): PESTEL analysis report focuses on Political, Economical, Social, Technological, Environmental and Legal analysis. All the aspects of PESTEL analysis technique are important for any industry/business functioning in that country. More than just understanding the market, the PESTEL framework represents country level strategic analysis which can be very helpful for companies in long/sort term decision making.

## 2. [Country SWOT Analysis Market Research Reports](#)

Country SWOT analysis used to identify and categorise significant internal (Strengths and Weaknesses) and external (Opportunities and Threats) factors faced by nation. SWOT analysis provides information that is helpful in matching the country's resources and capabilities to the
