RAIPUR, INDIA, November 9, 2017  
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Spear Phishing - Global Market Outlook \(2017-2023\)](#)" to its offerings.

According to Report, the [Spear Phishing Market](#) is expected to grow from \$764.03 million in 2016 to reach \$1,694.65 million by 2023 with a CAGR of 12.1%.

In the present scenario the organizations are hovered with spam emails, data loss, spam data and more, Spear Phishing solutions are helping organizations by filtering spam, data loss prevention, email encryptions and email archiving. The demand for Spear Phishing solutions integration with other mainstream technologies is fueling the market. However, lack of awareness about cyber-attacks is restraining the market growth.

BFSI (Banking, Financial Services and Insurance) segment among vertical is expected to hold the largest market share owing to the demand for the services and security products that can protect the employees, customers, offices and assets. The service segment is estimated to hold the largest market share on early adoption of email security services as compared to solution. North America is expected to lead the Spear Phishing market, attributing to increased digitization, email access through mobile phones and online browsing in this region.

Some of the key players in the Spear Phishing market include BAE Systems PLC, Barracuda Networks, Inc., Check Point Software Technologies Ltd., Cisco Systems, Inc., Forcepoint, LLC, Greathorn, Inc., Intel Security, Microsoft Corporation, Phishlabs, Proofpoint, RSA Security LLC, Sophos Ltd., Symantec Corporation, Trend Micro, Inc. and Votiro Inc.
