New to the production this year is the storybook *The Servant King*, which plays a key role in the action of the musical. This heirloom storybook is handed down over four generations throughout the musical. As the family keeps their Christmas tradition of reading the ancient tale of the fourth wise man, the story comes to life as a grand musical production on stage. Framed by on-screen projections and backgrounds from *The Servant King* storybook, *The Heart of Christmas* combines a unique cinematic feel to the live musical experience.
