

SystemDomain, Chicago based IT firm Signs Strategic Partnership with Thycotic, global leader in Cyber Security solutions.

SystemDomain, Inc has enhanced its product portfolio in Cyber Security and Risk Management by partnering with Thycotic for Privilege Account Management.

SYSTEMDOMAIN.
Your Dedicated Technology Partner

CHICAGO, IL, UNITED STATES, November 16, 2017 /EINPresswire.com/ -- [SystemDomain](#), Inc, a leading global information technology, consulting services company, today announced that it has signed a strategic partnership with [Thycotic](#), a provider of privileged account

management (PAM) solutions for more than 7,500 organizations worldwide, to serve the growing cybersecurity requirements of their clients to guard against the increasingly sophisticated threats that target privileged accounts.

"SystemDomain now offers its customers a complete solution to make the enterprise more secure and protect business-critical data and applications by providing industry leading privileged account security and password protection with proven end-point security and application control," said Shubhi Garg, Managing Partner, SystemDomain, Inc. "This will enhance SystemDomain's product portfolio in our Cyber Security business unit".

"The partnership between SystemDomain and Thycotic will assure that global enterprises are provided with indispensable privilege account management and protection against sophisticated cyberattacks," said Bob Gagnon, Vice President of Channels at Thycotic. "Thycotic will leverage SystemDomain's client portfolio and leading IT professional services capability in Cyber Security and Risk Management to implement and integrate its portfolio of products in cloud and on-premise across various industry segments. This partnership will open new marketing channels and help to increase the growing market share in this segment."

SystemDomain had been ranked as:

- Top 20 Most promising Cyber Security Solution Provider 2017' by "Silicon India"
- DiversityBusiness.com's (now OMNIKAL) OMNI500 Top Businesses for 2017.
- Nominated as the fastest growing Cyber Security Firm: By Cyber Security Excellence Awards.

About Thycotic Secret Server

Thycotic Secret Server delivers a comprehensive security solution set to protect your most valuable information assets from cyber-attacks and insider threats. Thycotic Secret Server, Privilege Manager, Local Security, and Security Analysis solutions protect privileged accounts and enable organizations to enforce least privilege policies for business and administrative users, as well as control applications to reduce the attack surface without halting productivity. The solution helps organizations revoke everyday local administrator privileges from business users while seamlessly elevating privileges when required by trusted applications. Available in on-premises and cloud. This solution provides security layer managed from Dashboard to protect against cyber-attacks that use these privileged accounts to strike at the core of the enterprise.

About Thycotic

Thycotic, a global leader in IT security, is the fastest growing provider of Privilege Management solutions that protect an organization's most valuable assets from cyberattacks and insider threats. Thycotic secures privileged account access for more than 7,500 organizations worldwide, including Fortune 500 enterprises. Thycotic's award winning Privilege Management Security solutions minimize privileged credential risk, limits user privileges and controls applications on endpoints and servers. Thycotic was founded in 1996 with corporate headquarters in Washington, D.C. and global offices in the U.K. and Australia. For more information, please visit www.thycotic.com
