Global [Surgical Navigation Systems Market](#)

## Description

WiseGuyReports.Com adds" Global Surgical Navigation Systems Market 2016-2020 "Research To Its Database.

Surgical navigation also referred to as computer-assisted image-guided surgery is a procedure for locating a specific target site for surgery using computer software. Surgical navigation systems aid in continuously tracking surgical instrumentation in relation to the patient's anatomy, displaying the real-time relationship on a computer screen. This equipment helps to improve precision during surgery and provides a wide field of view to reduce line-of-sight issues.

## Covered in this report

The report covers the present scenario and the growth prospects of the global surgical navigation instruments market for 2016-2020. To calculate the market size, the report considers the revenue generated from the sales of surgical navigation instruments.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

The Global Thoracic Surgery Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Medtronic
- Stryker
- Brainlab
- GE Healthcare
- B. Braun

Other prominent vendors

- CAscination
- Cirle
- ClaroNav
- Collin Medical
- Fiagon
- Heal Force Bio-Meditech
- Karl Storz
- MASMEC Biomed
- Medacta International
- Micromar
- Inliant
- Northern Digital
- OMNIlife Science
- OrthAlign
- Scopis
- Shenzhen Anke High-tech
- Siemens Healthcare
- Smith & Nephew
- SonoWand
- Synaptive Medical
- XION Medical

- Zimmer Biomet Holdings

#### Market driver

- Growing popularity of minimally invasive surgeries
- For a full, detailed list, view our report

#### Market challenge

- Issues and limitations associated with surgical navigation systems
- For a full, detailed list, view our report

#### Market trend

- Growing collaborations with other medical equipment manufacturers
- For a full, detailed list, view our report

#### Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

#### Table of Contents -Major Key Points

##### PART 01: Executive summary

- Highlights

##### PART 02: Scope of the report

- Market overview
- Top-vendor offerings

##### PART 03: Market research methodology

- Research methodology
- Economic indicators

## PART 04: Introduction

- Key market highlights

## PART 05: Surgical navigation systems: An overview

- Computer-assisted surgery (CAS)

## PART 06: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

## PART 07: Market segmentation by application

- Neurosurgical navigation systems
- Orthopedic surgical navigation systems
- ENT surgical navigation systems
- Spine surgical navigation systems

## PART 08: Global neurosurgical navigation systems market

- Market overview
- Market size and forecast

## PART 09: Global orthopedic surgical navigation systems market

- Market overview
- Market size and forecast

## PART 10: Global ENT surgical navigation systems market

- Market overview
- Market size and forecast

## PART 11: Global spine surgical navigation systems market

- Market overview
- Market size and forecast

## PART 12: Market segmentation by end-user

## PART 13: Geographical segmentation

- Surgical navigation systems market in Americas
- Surgical navigation systems market in EMEA
- Surgical navigation systems market in APAC

## PART 14: Cost analysis of surgical navigation systems

## PART 15: Market drivers

- Growing popularity of minimally invasive surgeries
- Expansion of outpatient settings
- Broader applications of surgical navigation systems
- Innovative marketing strategies
