

Global Chilled Beam System market is expected to reach \$502.5 million by 2022 growing at a CAGR of 12.9%

Global Chilled Beam System market Analysis, Latest Trends, and Forecasts up to 2022

RAIPUR, INDIA , November 17, 2017 /EINPresswire.com/ -- Report Sellers has added a new market "[Chilled Beam System - Global Market Outlook \(2016-2022\)](#)" to its offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

According to the report, The Global Chilled Beam System market is accounted for \$214.6 million in 2015 and is expected to reach \$502.5 million by 2022 growing at a CAGR of 12.9%.

Factors such as increasing demand from healthcare facilities, commercial offices and hotels are driving the market growth. On the other hand, high initial cost and lack of consumer awareness are hindering the market. The opportunities for the market lie in chilled beam applications. With rapid urbanization, the acceptance of chilled beam systems is gaining popularity in emerging countries such as China, India and Brazil. The challenge lies in trade-off between temperature and humidity.
