RAIPUR, INDIA, November 17, 2017 /EINPresswire.com/ -- Report Sellers has added a new market "[Carotenoids - Global Market Outlook \(2016-2022\)](#)" to its offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

According to the report, The Global Carotenoids market is accounted for \$1.23 billion in 2015 and is expected to reach \$1.81 billion by 2022 growing at a CAGR of 5.6%.

Increasing demand for natural colorants, physical condition benefits, rising end-user applications and management promotions are the major factors driving the market growth. The factors that are restraining the market are stringent government policies, lack of awareness in emerging countries and over usage of carotenoids. Lack of awareness about cancer symptoms and adulteration are the major challenges faced by the market.
