RAIPUR, INDIA, November 20, 2017 /EINPresswire.com/ -- Report Sellers has added a new market research "Fracking Proppants – Global Market Outlook (2016-2022)" to its offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

According to the report, The Global Fracking Proppants Market is estimated at \$58.46 billion in 2015 and is expected to reach \$143.46 billion by 2022 growing at a CAGR of 13.68% from 2015 to 2022.

Fracking Proppants - Global Market Outlook (2016-2022)

Industrial shift towards alternative energy resources is the key factor favouring the market growth. The increasing demand for energy and unconventional gas are the key drivers, whereas the high logistics cost is inhibiting the fracking proppants market growth. The future growth lies in potential explorable reserves. At present, proppant market is in surplus, so demand for proppant market continues to plunge due to culmination activities between operators and reduced drilling.
