

Global Solid State Lighting Market is Expected to Grow to US\$30.045 billion by 2022

Market Research Report on Solid State Lighting Market

RAIPUR, INDIA, November 21, 2017
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Solid-State Lighting Market- Forecasts](#) from 2017 to 2022" to its offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

Solid State Lighting Market Research Report

According to the report, [Solid State Lighting market](#) is projected to witness CAGR of 9.02% over the forecast period to grow to US\$30.045 billion by 2022, increasing from US\$19.512 billion in 2017.

The research study examines the Solid-State Lighting market on the basis of various segments - by technology, end-use, and geography. Major drivers, restraints, and opportunities have been mentioned to provide an exhaustive picture of the market. Furthermore, the current market trends related to the demand, supply, and sales, in addition to the recent developments, have been provided in this report.

Research Methodology: The first step towards determining the Solid-State Lighting market size involves identifying key players and the revenue contribution of the overall business or relevant segment aligned to the study in consideration through extensive secondary research. This also includes various studies and data published by industry associations, analyst reports, investor presentations, press releases and journals among others.

Both bottom-up and top down approaches are utilized to determine the market size of the overall market and key segments. The values obtained are correlated with the primary inputs of the key stakeholders in the Solid-State Lighting value chain, who are C-Level Executives, Directors, and Managers among others across key enterprises operating as manufacturers, suppliers, and distributors. The last phase is providing intelligence in the form of presentation, charts, graphics and other different formats helping the clients in faster and efficient understanding of the market.
