

California Corporate Whistleblower Center Now Urges an Insider to Call About Rewards If A EB-5 Visa Regional Center in California Is Raising Chinese Money for a Loser Real Estate Deal

WASHINGTON, DC, USA, December 12, 2017 /EINPresswire.com/ -- The California Corporate Whistleblower Center says, "We are urging an insider or an employee of a California based real estate developer or EB-5 Visa Regional Center to call us anytime at 866-714-6466 if they can prove the EB-5 Visa Regional Center in cahoots with a real estate developer and is raising money from Chinese, European or Middle Eastern investors for a development that has no chance of ever being economically viable. At the same time, we would like to talk with a regional center insider who can prove a EB-5 Visa regional center is paying bribes to attorneys, or anyone else who is not properly licensed to receive a commission."

Recently the US Securities and Exchange Commission announced in a press release, "A whistleblower award of more than \$1.7 million to a company insider who provided the agency with critical information to help stop a fraud that would have otherwise been difficult to detect. Millions of dollars were returned to harmed investors."

When it comes to the EB-5 Visa Investment program for Chinese or International Investors Thinking California is the Land of Gold the California Corporate Whistleblower Center Whistleblower Center Believes the Following:

* A EB-5 Visa regional center's investment opportunity could easily require over five hundred thousand dollars plus broker and legal fees for a real estate development that will never be economically viable.

* The group believes some California real estate developers are one in the same as the Regional Center promoting the development and they fear the developer may be hiding key information from the EB-5 Visa investor including the part about the developer has used some of the investor money to bail out other projects, or they have misused the money by spending it on themselves.

* The group also believes California real estate developers in cahoots with a Regional Center could be bribing officials in China or anywhere to gain the trust of Chinese or international investors who want to participate in the US EB-5 Visa Program.

According to the California Corporate Whistleblower Center, "If you possess information about a California based real estate developer cheating Chinese or international investors wishing to participate in the US EB-5 Visa Program please call us at 866-714-6466 and let's have a conversation about reward potential. Why sit on a potentially winning lotto ticket without ever finding out what it might have been worth?"

Simple rules for a whistleblower from the California Corporate Whistleblower Center: Do not go to the SEC first if you are a potential whistleblower with substantial proof of wrongdoing involving the US EB-5 Visa Program. The California Corporate Whistleblower Center says, "Major whistleblowers frequently go to the government thinking they will help. It's a huge mistake. Do not go to the news media with your whistleblower information. Public revelation of a whistleblower's information could destroy any prospect for a reward. Do not try to force a developer/employer or individual to come clean about them cooking the books, fraud or bribery involving a US EB-5 Visa Program. Come to us first, tell us what type of information you have, and if we think it's sufficient, we will help you with a focus on you getting rewarded."

Unlike any group in the US the Corporate Whistleblower Center can assist a potential whistleblower with packaging or building out their information to potentially increase the reward potential. They will also provide the whistleblower with access to some of the most skilled whistleblower attorneys in the nation.
