

# Global Compressor Control System Market is Expected to Reach US\$5.923 billion by 2022

*Market Research Report on Global Compressor Control System Market*

RAIPUR, INDIA, November 22, 2017  
/EINPresswire.com/ --

Report Sellers has added a new market research report "[Compressor Control System Market- Forecasts](#) from 2017 to 2022" to its offerings. The report is an in-depth market study providing accurate market insights including the latest trends, forecast, competitive insights, etc.

Compressor Control System Market Research Report

According to the report, [Global Compressor Control System Market](#) is set to expand at a CAGR of 5.05% to reach US\$5.923 billion by 2022, increasing from US\$4.630 billion in 2017.

Compressor Control Systems has a wide range of applications in power generation, chemical, mining, and refining industries. The major factors propelling the growth of compressor control systems market can be attributed to the improvement in product quality specifications for critical industrial processes and large-scale application across different industries. The major restraining factors are high initial cost, frequent maintenance of the compressor control systems and volatile oil and gas industry, which could hamper the investments and restrain the market growth.

## Competitive Insights:

The compressor control system market is fragmented owing to the presence of multiple players. Product innovation is the key strategy being adopted by the vendors to maintain a competitive edge. Moreover, the players are focusing on providing customized solution to improve customer satisfaction. The major players discussed in the report include Dresser-Rand, Ingersoll Rand, ABB, Atlas Copco, GE, Wood Group, Rockwell Automation, Schneider Electric, Siemens, and Compressor Controls Corporation. Vendors need to focus on advanced smart control systems to expand their product offerings.

## Report Scope

Compressor control system market has been segmented by component, application, and geography as below:

#### By Component

SCADA

PLC

Switches

Motors

Transmitters

Valves

Others

#### By Application

Energy and Power

Oil and Gas

Refining

Chemical

Mining

Water & Wastewater

Others

#### By Geography

Americas

North America

U.S.

Canada

Mexico

Others

South America

Brazil

Argentina

Others

Europe Middle East and Africa

Europe

UK

Germany

France

Others

Middle East and Africa

Saudi Arabia

Israel

Others

Asia Pacific

Japan

China

India

Australia

Others
